Мы говорим,что три точки создают некую прямоугольную область:

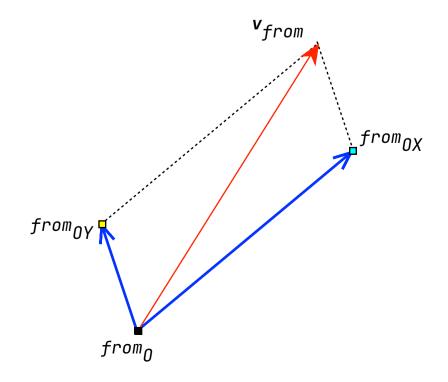

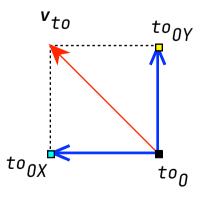

Мы говорим просто о трех точках:

 $from_0$: (-3, -40) to_0 : (-0.25, 0.25)

 $from_{0X}$: (3, 10) to_{0X} : (-1, 0.25)

 $from_{OY}$: (-4, -10) to_{OY} : (-0.25, 1)
